ETAP-T 2023

1. PURPOSE

The purpose of this MIL AIP Supplement is to inform operators that the exercise ETAP-T 2023 will take place in Portuguese airspace, from the 2nd to the 14th of July, 2023.

2. INTRODUCTION

ETAP-T 2023 is a Joint and Combined training exercise scheduled and conducted by European Tactical Airlift Centre (ETAC) and hosted by the Portuguese Air Force, planned to be a Large Force Employment (LFE) Exercise in a multi-domain framework.

ETAP-T 2023 focus will be on LFE in a multi-domain environment. It is designed to provide the participating units with a vast array of tactical missions with the intent to share expertise, increase integration, tackle innovation and strengthen the bounds between the participants.

ETAP-T 2023 will take place at Airbase 11, Beja, where the assets will be based. The missions will be flown from Airbase 11, simulating a Deployable Operating Base, towards assigned airspace.

Air operations will be mainly developed in the East/Inland part of Portugal.

3. OBJECTIVE

The objective of ETAP-T 2023 is to provide adequate tactical training to all participating units that will work in a highly collaborative manner, sharing tactical knowledge, in a multi-domain environment to achieve the full potential of the participating units.

4. AIRSPACE

ETAP-T 2023 will take place on the following areas (Appendix 1):
